

# Opportunities at Room 58

**Company:** Room 58

**Title:** Senior DevOps Engineer

---

## The Role:

Would you like to work for a world-class digital agency, delivering web solutions on a global basis?

Are you passionate about delivering outstanding web applications for international clients? Are you familiar with the latest techniques in back end web development?

We are looking for a self-motivated Dev Ops Engineer to join our team to help shape our future product offerings.

---

## Responsibilities

- Configure continuous integration and deployment for the project involved;
- Develop and maintain Configuration Management for the whole infrastructure;
- Responsible for the daily administration of Linux environment(s) and related servers.
- Responsible for providing application and server support.
- Develop the automation tools to deploy platforms quickly and securely.
- Install, test and administer enhancements to new and existing servers.
- Run daily health checks to ensure seamless operation and to ensure 100% uptime.
- Work to ensure application performance consistency.

## Key Skills

- Intricate knowledge of the entire software development process focused on the deployment and operations mostly.
- Bash scripting and knowledge of at least one of programming language e.g. PHP, Python, Go;
- Deep knowledge of Linux/Unix for internal processes optimization

# Opportunities at Room 58

- Operational AWS experience is a must
- Experience with virtualization tools: containers preferably (Docker);
- Experience with version control systems, preferably Git

## Desirable

- Experience with build management tools (Jenkins/Bamboo/Team city);
  - Frontend development experience
  - Knowledge of microservice architecture
  - Experience with SQL and NoSQL
- 

## About Room 58

We are a small, dynamic outfit, looking for someone who likes to experiment with new technologies, and to share their learning with the rest of the team. You'll need to be quick-thinking, responsive to change, and confident to suggest out-of-the-box solutions.

If you are looking to join a buzzy, enthusiastic company based in stunning offices in central Cheltenham, then apply today by sending over your CV and portfolio to [recruitment@room58.com](mailto:recruitment@room58.com).
